Hazlo tu mismo 3

Crea una página con:

- 1.) Una fondo de imagen que se repite solamente en el eje Y,
- 2.) Un título azul.

A nighttime photograph of a city skyline. In the foreground, a large, curved skyscraper with a grid-like facade is illuminated with blue light. Behind it, another tall building with a similar grid facade is visible. To the right, a street with traffic lights and other buildings is shown. The sky is dark, and the city lights create a vibrant scene.
